

ADVANCED PULMONARY EXPERIENCE

The Vest APX
System is the next
generation of **The Vest**
System from Hillrom.

Hillrom is a part
of **Baxter**

TRUSTED EFFICACY, WITH NEW COMFORT AND EASE

The **Vest** APX System was designed for ease of use and improved comfort for patients.¹

- The next generation of **The Vest** System from Hillrom. Hillrom is a part of Baxter
- Incorporates well-established technology with trusted efficacy
- Designed to support daily therapy use with improved portability and comfortability*

* Compared to **The Vest** System Model 105

SETTING THE STANDARD

The **Vest** APX System uses the same trusted technology as **The Vest** System, the pioneer and leader in High Frequency Chest Wall Oscillation (HFCWO) therapy. No other device in the category has been studied as extensively, or trusted by more patients.¹

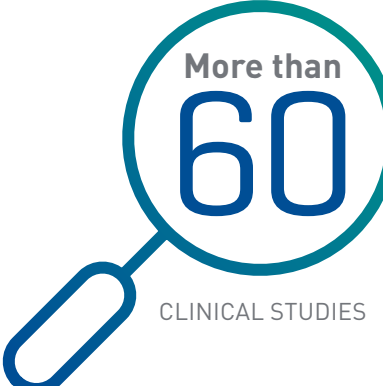

Leading the industry for more than

 **35** YEARS

 **94%**
OF CYSTIC FIBROSIS PATIENTS
SHOWED IMPROVEMENT IN FVC
AND FEV1 REGRESSION LINE
SLOPES DURING THERAPY²

Used and trusted by nearly
200,000
PATIENTS

67%
FEWER ACUTE EXACERBATIONS
IN BRONCHIECTASIS PATIENTS
DISEASE SPECIFIC (P = .007)³

 More than
60
CLINICAL STUDIES

45%
REDUCTION IN INPATIENT
DAYS FOR NEUROMUSCULAR
PATIENTS (P < 0.001)⁴

INTRODUCING THE VEST APX SYSTEM

The Vest APX System uses the same airflow technology as The Vest System, Model 105, with enhanced design elements driven by clinician and patient inputs for an improved user experience.

ADVANCEMENTS YOUR PATIENTS WILL APPRECIATE

THE VEST AIRWAY CLEARANCE
SYSTEM, MODEL 105

Slimmed down and
redesigned to be up to
48% lighter for ease of
use and comfort

THE VEST APX AIRWAY
CLEARANCE SYSTEM

Control unit with an interactive
touchscreen designed to be
19% smaller and 30% lighter
for user convenience

Designed for comfort,
with new color options

MAKING THERAPY MORE COMFORTABLE¹

The Vest APX System is designed to support daily therapy use with improved portability and comfortability.*

* Compared to The Vest System Model 105

TRIM, SPORTSWEAR-INSPIRED GARMENT makes treatment more comfortable¹

SOFT, WICKING PERFORMANCE FABRIC helps keep moisture away from the skin

SIZES AND STYLES FOR A BROAD RANGE OF PATIENTS Vest garment 16"-52" and Wrap 19"-67"

QUICK-FASTENING VELCRO BRAND CLOSURES designed to make it easy to get the optimal fit, for patients varying in shape and size

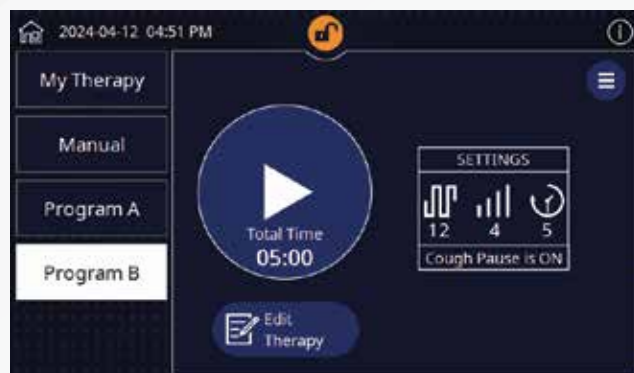

GARMENT DESIGN focuses oscillation on the lungs and away from the abdomen

The VEST APX System control unit features a 7" LCD and a locking screen to ensure settings are not inadvertently changed.

Touchscreen interface enables patients and caregivers to quickly initiate therapy with one button push.

Preprogrammed protocols make it simple for patients to do their therapy as prescribed.

DESIGNED WITH EASE IN MIND

The VEST APX System aims to remove barriers to consistent therapy adherence, with treatment designed to fit easily into patients' daily lives.

QUICK ATTACH HOSE CONNECTIONS

The magnetic connection between the hose-control unit interface is designed to help improve attachment and use.

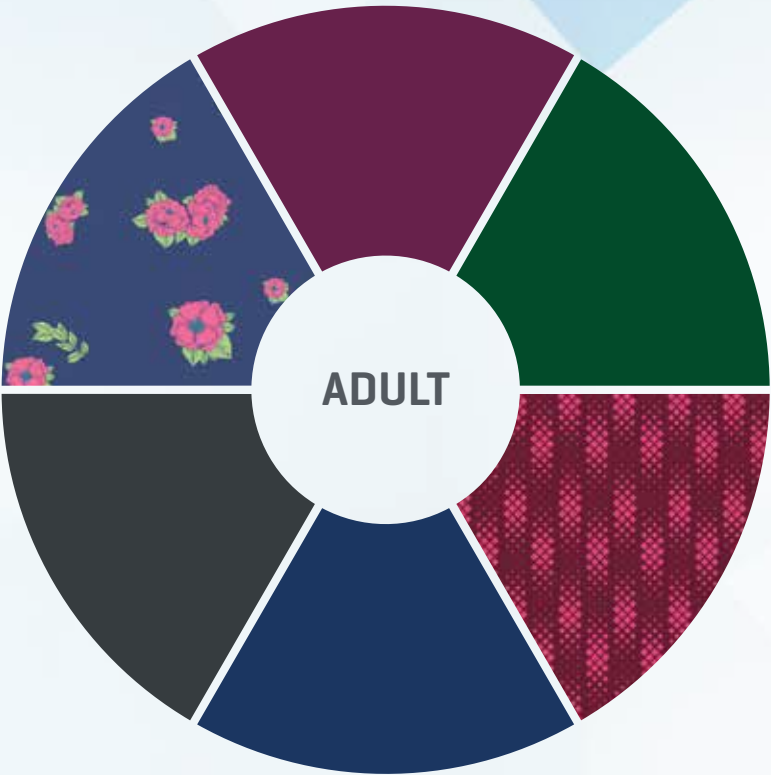

HANDY CARRYING CASE

A luggage-style carrying case with 4-wheel spinner design makes it simple for patients to take their therapy wherever they go.

MORE COLORS AND PATTERNS FOR PATIENTS TO CHOOSE FROM
